

Video Editing Task

Sports Highlight Video

As part of the recruitment process for Team AutoZ, we are assigning a video editing task that will help us assess your technical and creative abilities.

Task Overview:

You are required to create a **30 to 60-second sports highlight video**. The video should focus on any sport of your choice and aim to capture the excitement and energy of the event.

Task Guidelines:

- **Footage:**
 - You may use publicly available footage or stock video clips relevant to your chosen sport.
 - If you prefer, you may shoot your own footage.
- **Video Effects:**
 - The video should include slow-motion segments for key moments, dynamic transitions between scenes, and text overlays for player names, scores, or other relevant details.
- **Music:**
 - Include appropriate background music that complements the intensity of the video.
- **Software:**
 - You may use any professional video editing software such as Adobe Premiere Pro, Final Cut Pro, DaVinci Resolve, Capcut or equivalent.

Submission Requirements:

- The final video should be submitted in **MP4 format** with a minimum resolution of **720p**.
- Upload the video to a platform like **Google Drive** and provide us with the link.

Evaluation Criteria:

- **Creativity:** How well the video communicates excitement and engagement.
- **Technical Skill:** The quality of transitions, effects, and overall editing execution.
- **Storytelling:** How well the highlights are organised to create an engaging flow.

We look forward to seeing your creativity and technical skills through this task. Good luck!
