

Graphic Design Task

Sponsorship Thank-You Poster for NVIDIA

As part of the recruitment process for Team AutoZ, we are assigning a graphic design task to assess your creativity and technical design abilities.

Task Overview:

You are required to design a **thank-you poster** to express Team AutoZ's gratitude to **NVIDIA** for their sponsorship. The poster should visually capture the essence of our team's work in **autonomous vehicles and robotics** while acknowledging NVIDIA's vital role in our success.

Task Guidelines:

- **Poster Theme:**
 - The poster should focus on **thanking NVIDIA** for supporting Team AutoZ.
 - Include a tagline.
 - To reinforce the connection, you may incorporate references to NVIDIA's technology, such as **AI, GPU technology**, or **autonomous systems**.
- **Design Elements:**
 - Use a colour scheme that aligns with both **Team AutoZ's** and **NVIDIA's** branding (green for NVIDIA, with your creative use of colours for Team AutoZ).
 - Consider incorporating visuals related to **autonomous vehicles, robotics**, and **cutting-edge technology**.
 - Ensure the message of appreciation is clear and the poster feels both professional and dynamic.
- **Tools:**
 - You may use any professional graphic design software such as **Adobe Photoshop, Illustrator, Canva, Figma**, or equivalent.

Submission Requirements:

- Submit the poster in **JPEG or PNG format**.
- The resolution should be at least **1080x1920 pixels** (suitable for both digital and print purposes).
- Upload your final design to a platform like **Google Drive** or any file-sharing service, and provide us with the link.

Evaluation Criteria:

- **Creativity:** How effectively the design captures the collaboration between NVIDIA and Team AutoZ.

- **Technical Skill:** Proficiency in using design tools, image quality, and overall presentation.
- **Branding Alignment:** How well the design aligns with **NVIDIA's** and **Team AutoZ's** branding, and how well the sponsor's contribution is recognized.

We look forward to seeing your creative design that celebrates our partnership with NVIDIA.
Good luck!
